### ***The Wizard Mouse***

A field mouse travels far from his home and helps restore a wizard’s magic, thus saving the kingdom of Muddmoor. The tale is whimsical and the illustrations are resplendent with the color and texture that Morrissey fans expect.

DEAN MORRISSEY’s previous books include the highly successful *Ship of Dreams*, a *New York Times* Best Illustrated Book, published in 1990, followed by *The Great Kettles*, which won a Gold Medal from the Society of Illustrators. Other titles include *The Christmas Ship*, *The Moon Robber*, *The Monster Trap*, and *The Crimson Comet*.

Dean Morrissey lives in Scituate with his wife and son, surrounded by many of the amazing contraptions that are found in his paintings.

\****The Wizard Mouse*** is not available until Oct. 2, 2011
